

Your account application

Congratulations. The processing of your proposal has begun. Please **check** your proposal data. In case corrections are required, please contact pc2-support@uni-paderborn.de as soon as possible.

Please show your approval of the terms of use and privacy policy by **ticking the boxes** on the last page and add the **signature** of the principal investigator of the existing project and the signature of the new user at the end.

Then send the **signed** document by **email** to pc2-support@uni-paderborn.de. Without your approval of the terms of use and privacy policy as well as your signatures we can't enable your account.

Personal Information

First Name	Beril
Last Name	Özdemir
Email	beril.ozdemir@gazi.edu.tr
Institution	Heidelberg Institute for Theoretical Studies and Heidelberg University, ARI / ZAH
State	BW
City	69120 Heidelberg
Street	Weberstrasse 13
Phone Number	+905551970904

Project Data

Project Acronym	hpc-prf-radmix
SSH Key Identifier	pc2-cluster-access (ssh-ed25519)
SSH Key	ssh-ed25519 AAAAC3NzaC1lZDI1NTE5AAAAIIiQvhUwGgxdorKB476/YjjoQs51Dbeb6d/a3Tp+y4iy pc2-cluster-access

Software

Requested Software	Python 3, NumPy, SciPy, Pandas, Seaborn, Matplotlib, Scikit-learn
--------------------	---

Data Privacy & Terms Of Use

I have read and accept the data privacy statement and terms of use...

Data Privacy	Y
Terms Of Use	Y

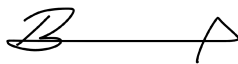

Finalize

☒ I have read and accept the terms of use of PC² published at <https://pc2.uni-paderborn.de/go/hpc-terms-of-use/>. Without your approval of the terms of use, PC² cannot consider your proposal.

☒ According to Article 6(1)(a) EU-GDPR I hereby grant permission to PC² to store and process my data according to the data privacy statement that can be found at <https://pc2.uni-paderborn.de/go/hpc-datenschutz>. Without your approval, your proposal cannot be considered and no use of the HPC resources at PC² is possible. This consent can be revoked at any time by e-mail to pc2-support@uni-paderborn.de or by letter to Universität Paderborn, Paderborn Center for Parallel Computing, Warburger Str. 100, 33098 Paderborn, Germany. The revocation does not affect the legality of the processing and storage up to that point.
